The 75th World Health Assembly has approved the first ever resolution on well-being and health promotion with well over 20 Member States co-sponsoring. This resolution gives WHO a strong mandate to work on a framework and an implementation plan and will help to put societies’ well-being on Member States’ agendas. The draft as it was agreed in the last consultation is available at: Draft Resolution on Well-being and health promotion.

The Alliance has pushed for putting the draft resolution on the Agenda of the pre-WHA consultation meeting between Non-state Actors and Member States which has contributed to the last minute inclusion of the draft resolution into the Agenda of WHA75.

The Alliance for Health Promotion made a statement in support of the draft resolution on the Agenda item 18.2. The delegation of the Alliance had a meeting with His Excellency Dr Al Rand, Undersecretary of the Ministry of Health of the United Arab Emirates and Dr Haifa Madi, Public Heath Expert and Advisor. The aim of the meeting was to express the full support of the Alliance and its members for the implementation of the resolution.
We would like to inform you that the Alliance’s office in Versoix will close by 31 July 2022. Our lease contract of 10 years cannot be renewed as the villa will have another destination.

The address of the new coworking space of the Alliance is:
Alliance for Health Promotion
c/o SDG Solution Space
Campus Biotech Innovation Park
